

Hello, this letter represents many of the 65,000 members of the Adventure Riders Motorcycle Forum, www.advrider.com. ADVRider is an online motorcycle enthusiast community with 68,000 members, 250,000 threads and over 6 million posts from members who live and ride across the globe.

This charitable event is raising money for a great organization called www.riders.org. Your donations fund the purchase, maintenance and upkeep for motorcycles and the accompanying expenses to deliver health care services and emergency supplies to many remote places on the African Continent.

As the folks at ADVRider are generally long distance and adventure oriented enthusiasts and Riders.org utilizes motorcycles as their primary method to access remote areas, Adventure Rider and www.Riders.org are a natural fit. We have organized eager volunteers to relay, via their motorcycles, a "baton", a waterproof case containing a "mascot", pictures, logs and other items. The goal is to gather sponsors and contributions to riders.org while riding in and through:

- Each of the United States
- The Canadian Provinces and Territories
- New Zealand
- Australia
- India
- Turkey
- Scotland

(UK charity number 1054565, supported in the USA by
Riders for Health II inc (501 (c) 3)

The list of riders from additional countries continues to grow as word spreads in our community. This relay starts May 16th 2008 at one of our Rallies in North Carolina with the US and Canadian legs finishing in August of 2008 and will continue on to many other places. During each leg of the relay, riders will take photographs, write online journals, log points of interest or include something about their region or the ride; Motorcycle rallies and enthusiast gatherings get special attention. These photos and stories will be prominently featured in an accompanying thread.

We hope you will consider donating to this worthy cause in aid of Riders for Health. Business, Corporate and personal sponsors will be prominently featured in the original thread post and you may possibly gain prominent display of your logo on the case in sticker form. It will be seen across the world.

The ADVRider Relay, including the volunteer rider's expenses, is completely self-funded. 100% of the donations less PayPal expenses or other funds transfer fees are forwarded directly to Riders.org. Please donate via paypal at advriderrelay@aol.com or contact us there for other options. Please indicate if you do NOT want to be mentioned as a sponsor/donor. If you have information or stickers for the package, please contact us above to coordinate this. Alternately, if you would like to make this a possible tax deductible donation, you can give directly to riders.org. Please reference the ADVRider relay and send confirmation of that donation to us so we can inform our members of your generosity and add you to the list of contributors.

On behalf of our Riders and theirs,

Thank you.
